JUNE 2020

EXILE – EXILE IN EXODUS

TIPS TO TABLE DISCUSSION

- Introduce yourselves if you haven't already.
- Appoint a leader to ask the questions.
- Everyone shares. Share something different. Share something on topic.
- Speak in sentences, not paragraphs, so everyone gets an opportunity.
- If your group finishes before others, be respectful so as to not disturb the tables around you.

- What stuck out to you?

- One of the elements of living in Exile is seeking the welfare of "the city" (our nation, state, county, and world). How do you do that presently? How have you seen others do it well?

- Get applicational. What new knowledge gained or concept enacted will change how you live? And in what way?
