Around our Diocese:

- It seems the year is flying by. As I look out the office window this morning, I am greeted by a full moon shining in the darkness through leafless trees. True signs that summer has gone, and winter has begun. This means the end of this year is just around the corner and we are now preparing for a busy time ahead.
- With Christmas and the year end financials needing to be done, this week we have started the yearly task of determining the parish assessments. These assessments are based on each parish's tithes and offerings from previous years.
- We know that 2020/2021 were challenging years with covid restrictions and we want to ensure that we are basing the assessments on the 2020 actual tithes and offerings, not figures from other years. So, we are asking parishes to make sure all financial reports for 2020 have been submitted to finance in the Diocesan office by next week if they haven't already been sent in. This way we can have the Parish Agreements out ready for your treasures to prepare the parish budgets for the parish's annual vestry meeting.

all unrighteousness.
