Application:

- 1. In light of Eph 4:11–16, we are supposed to be being equipped on Sunday mornings “for the work of ministry, for building up the body of Christ.” Whom are you currently ministering to in order to build them up so they will grow in Christlikeness? How will you continue to stir them up to love and good deeds?**
- 2. Is your fellowship group helping you to grow up in maturity, truth, and love? If not, is there anything you can do to help this to happen?**
- 3. Make a list of areas in which you most need to grow spiritually. Choosing one, make a plan for growth in this area. Who can you go to for help and encouragement in this area, to minister to you and help you grow? Reach out to that person this week.**
- 4. The Bible has much to say about how to minister to each other in the “one-anothers” of Scripture. Find and write down at least 10 of the “one-anothers.” For each, write out a specific way that you can do that, or are doing it, for a specific person at Believers Fellowship.**
