

PRAY FOR THE NATIONS

PHILIPPINES

This month, we will be focusing on prayer for the nation of the Philippines.

KEY INFO:

Off the coast of Southeast Asia lies the nation of the Philippines, the world's second-largest island chain. The Philippines is the only predominantly-Christian nation in Asia. Though largely Roman Catholic, there is also strong evangelical presence and gospel ministry in this nation. Still, there is a great need amongst many of the people. About 15% of the population remains unreached with the gospel, many have syncretized pagan folk spirituality with Christianity, the small Muslim population is strong and fervent, and poverty has led to many children being orphaned and a large human trafficking industry. Pray that, by the mercy of God, the believers would stand firm in the true doctrine of Christ, and that they would both bring light into the spheres of spiritual darkness, and faithfully reach neighboring unreached nations for Jesus.

HOW TO PRAY:

- Praise God for the strong and growing evangelical church in the Philippines, and for saving many Filipinos.
- Pray for ministries like CEF and World Vision, which aim to reach orphaned children with the gospel and alleviate needs.
- Pray for repentance and faith amongst those spiritually deceived by syncretism.
- Pray that many Filipinos would be rescued from human trafficking in Jesus' Name.
- Pray for faithful leadership, sound doctrine, and Christ-centered unity to thrive amongst Filipino believers.
- Pray that the Filipino church would send many missionaries to neighboring nations.
- Pray for Sovereign Grace's work in the Philippines to be faithful and fruitful for Christ.
