

PRAY FOR THE NATIONS

UNITED ARAB EMIRATES

This month, we will be focusing on prayer for the nation of The United Arab Emirates (UAE).

KEY INFO:

The United Arab Emirates is a federation of seven individual emirates, with individual governments, located in the Northeast area of the Arabian Peninsula. Recently, it became the third Arabian nation to formalize a peace agreement with Israel. Once economically dependent on fishing, the UAE has bolstered its economy through the oil industry, making it relatively prosperous. Because of this, the population is diverse, with the majority of people being immigrants seeking work. Islam is the official religion of the UAE, and while private Christianity is allowed, public worship and evangelism are illegal, and foreign publications are censored. Believers risk threat of family and governmental pressure to renounce their faith. Nearly half of the people groups are unreached with the gospel, but the annual evangelical growth rate is strong.

HOW TO PRAY:

- Pray for the believers in the UAE to be bold witnesses for Jesus despite social and governmental pressure.
- Pray for laws restricting public Christian prayer and worship to be ended.
- Pray for the promising medical missions to continue reaching people with the gospel, while serving the nation's good.
- Pray for bold and strategic missionaries to reach the many unreached and unengaged people groups with the gospel.
- Pray for the peace deal with Israel to serve the gospel's advance in both nations.
- Pray for believers to connect together and encourage one another's faith.
- Pray for favor for believers with the government and their families.
