### **COVID-19 Pandemic Response**

After consulting with medical health professionals in our congregation and reviewing the government's recommendations for our region, the executive team of Administrative Council, together with the pastors, have come to the conclusion that it would be irresponsible for us to conduct church as usual. Our Sunday morning worship service undoubtedly counts as a "large public gathering," as we typically have over 500 people in attendance, many of whom are considered "vulnerable sector" individuals who are uniquely at risk for exposure to this disease. Therefore, **we are suspending our regular worship services for this Sunday, March 15.**

We will be reviewing this decision on a weekly basis, but **it is very likely that we will not be able to have our regular Sunday morning worship service for at least the next three weeks.** Please check your email regularly for communication regarding the service each week.

Please keep those affected by the virus in your prayers. Pray for protection, medical personnel on the front lines and for those in government who are leading us through this time of uncertainty.
