REC CARD 3

FIND YOUR HERD

Make the Point

Jesus and His family were traveling with friends and family members to the festival. Just like animals travel in groups, so do people!

Prep

- Craft Sticks—With animal names printed on them (*bear, wolf, parrot, elephant, alligator, and so forth*).
- Container—Use this to store the craft sticks.

Play

- Kids will draw a craft stick to discover which animal they will be for the game. Caution kids not to say the animal name aloud. Return the craft sticks to the container.
- Explain that when you say: “Go,” kids will begin to act like their animal.
- Tell kids that as they are acting like their animal, they will be looking for others who are acting the same as they are to complete their herd.
- The first group of “animals” to complete their herd are the winners.
- Continue playing by choosing different animals, telling kids they can only use motions and not sounds, or using sounds and no motions.
