REC CARD 11

LEADER OF THE PACK

Make the Point

Tell kids that in this game they were to follow the leader to know what animal to act like. In life, we should always follow Jesus to know how we should act.

Prep

- No additional supplies needed

Play

- Ask the kids to form one giant circle.
- Choose one child to be the *Photographer* and have him step out of the room until you have chosen a leader.
- Explain that one of the kids in the circle is going to be the leader of the pack. They are going to choose an animal move and everyone else in the circle will copy their move. The leader will secretly change from one move to the other.
- Tell kids that the *Photographer* will be in the middle of the circle “taking pictures” by looking around and trying to figure out who the leader is.
- Play as time allows choosing a new leader and *Photographer* each time.
