

## **APPLICATION FOR MISSION ORGANIZATION SUPPORT FROM CHRIST COVENANT**

Please bear in mind that all requests for support are reviewed by the missions team and are bound by an Elder approved missions philosophy and policy. Based on our philosophy, we filter American missionary and ministry support requests through the following grid which reflect our mission priorities:

1. Those focused on geographical areas where there is less opportunity to hear and learn Biblical truth.
2. Those focused on training and development of national pastors/leaders.
3. Those who are living abroad.
4. Those who are our own members.

If support is not granted, it does not necessarily mean that we disapprove of the ministry or project, only that it does not fit within the scope of our philosophy or policy or that we are not financially able to commit additional resources.

After the missions team reviews this form, there may be a request for further information and possibly a personal interview with the missions team.

*PROVIDE A BRIEF, BUT REASONABLY COMPLETE ANSWER TO THE QUESTIONS BELOW*

Upon completion of this application, please submit it to Andy Halbert
