### PARENTING

In the beginning, God said to be fruitful and multiply, and parenting is truly a gift from God (Psalm 127:3). It is one of the most rewarding things in life, however, it can also be very challenging at times. The good news is that God has given us a parenting manual – the Bible. God has commanded us as people to raise our kids to know Him and follow Him (Deuteronomy 6). So press into God's word, be intentional in growing your parenting skills, and be the parent that God designed and created you to be.
