

Cleaning & Disinfecting Procedures

Our building will be used throughout the week by various CCG Small Groups and outside organizations. Each Group & Organization is required to follow our very thorough cleaning and disinfecting procedures before, during and after their gatherings. If you would like to see those specific guidelines, [click here](#) for more information.

In addition to the cleaning and disinfecting that these groups are required to do, CCG will be cleaning and sanitizing the entire building prior to Sunday services. All areas of the building will be thoroughly cleaned and disinfected, including light switches, doorknobs/handles, chairs, tables, etc. For a complete list of what will be done, [click here](#).

When you arrive at the building you will see the other efforts we have put in place to ensure your health and safety:

- Multiple no touch hand sanitizing stations
- Signage to remind guests to wear their mask properly, maintain 6' of social distance, hand hygiene, no contact and directional signs to aid with traffic flow
- We will reduce air circulation by warming up the building prior to guest's arrival and then turning the HVAC units off during services.
