

### Questions for Reflection/Discussion/Application -

1. Reread [Luke 18:35-43](#). When you consider all that is going on in Jesus' life at this point, why is it so significant that he stopped and listened?
2. When you think of your neighbors, how often do you LISTEN to them?
3. Pull out your rubric and start listening to the people that you have identified as neighbors. (You may want to have a piece of paper for each to jot down the things you hear.)

### 4. These are categories of questions that you can always ask:

- History: "Tell me your story." "Where did you grow up?"
- Heart: "What's your favorite (team, restaurant, vacation destination)?"
- Habits: "What are you into?" "What do you like to do with your free time?"
- Hurts: "How are you doing with (name the situation)?"

These types of questions will help you become a great listener. And that allows you to become a better friend to your neighbors.
