

# Del Rey Church

Real Life. Real People. Real Faith.

February 17, 2016

Hello Church,

Well 2015 was a busy year for us around Del Rey with regards to our facilities. We added another property to maintain and repair, as well as making upgrades and improvements to our existing properties. I will cover quickly some of the highlights of 2015 and projections for 2016!

- May 2015- Upgraded the Westchester Parsonage front bathroom. The bath tub hadn't worked for over a decade as well as a number of other issues that needed attention (Water damage, Termite damage, plumbing problems etc...). We completely gutted the bathroom and repaired the entire room.
- Oct 2015- We began the process of moving Pastor Matt upstairs. We replaced carpet, toilets, lights, repaired walls, painted, installed a tile floor in the hallway and built book shelves in the hallway and office area.
- Nov 2015- We purchased a 2<sup>nd</sup> parson in Hawthorne. We needed to replace a few items in the bathroom (tub/vanity) and decided to make a few upgrades while we were at it. Again we gutted the entire bathroom and repaired the entire room,

As we look forward to 2016 we have a few things up in the air, but my hope is the same, take care of the stuff God has given us. This means repairs and projections of upgrades on the properties.

- At the Westchester parsonage I hope to repair and remodel the back bathroom and get it functioning as well as it did the last time it was done, which was 1964.
- At the Hawthorne property I hope to repair and remodel the kitchen, adding value and functionality to the property. There are quite a few other upgrades to make, but 1 project per year.
- As for the Church Plant, well hopefully not too many more repairs as we see what God has in store for us with potentially a new plant, but there is always something to keep me busy.....

I praise God for His provision and pray we continue to steward the resources He gives us!

Respectfully submitted,

Mike Dolan
