### *Reflect, Discuss & Apply* *The Sermon*

1. Talk about some of your best memories with your mom. How did she shape you as the person you are today, and what kind of important things did she teach/instill in you?
2. What age did you realize how much work your mom put in day in and day out to serve you? And what kind of impact did that have on you now noticing the challenges of the calling?
3. If you are a mom how can you work to define your motherhood in terms of calling and faithfulness and let God take care of the results?
4. What can you do as mom to evangelize your children and focus on changed hearts rather than changed behavior? And for dads, how can you partner with your wife who may spend more time helping/encouraging them in those efforts?
5. If you are single or are married without children, what are some things you can do, or takeaway thoughts that you had in terms of how you can foster the calling of motherhood in your life.
6. For the husbands, talk about some ways you have witnessed motherhood in a deeper way if you have been a part of the stay at home order? How can you bless your wives in this calling?
