

Questions:

1-Have you studied spiritual gifts or taken a spiritual gifts test before? If so, share your experience.

2-Do you think that most Christians have a good understanding of spiritual gifts, know what theirs is/are, and are using it/them in the context of the local church?

3-In reading 1 Corinthians 12:8-10 we see a list of powerhouse gifts that may not be well understood. What questions do you have about these miraculous gifts?

\*Leader: Document these responses and send them to Wesley@discoverrevo.com. We want to gather questions for a Q & A session on the last teaching in the series to address whatever outstanding questions may be on peoples minds.

4-1 Corinthians 12:1-2 indicate that being uninformed about spiritual gifts and about the ministry of the Holy Spirit can cause us to be led astray. Do you believe that is a present in danger in the current evangelical landscape? How would you apply Paul's litmus test from verse 3 to today's churches and ministries?
