

Man-Up Lesson 3: How To Seize Opportunities in Life

4 Powerful Principles to Seize Every Opportunity

Joshua 1:1-9

Principle #1: Leave the Past Behind (Joshua 1:1-2)

1. You can learn from yesterday; just don't live in it. What is something you need to say goodbye to?
2. Where do you need to take a step into the future God has equipped you for?

Principle #2: Seize Your Inheritance (Joshua 1:3-4)

3. Faith means that you believe God so much that you are going to act on what He says. What are you moving forward with in faith?
4. Each man's territory may be different. What territory does God want you to advance?

Principle #3: Focus on God, Not People (Joshua 1:5-7)

5. We should expect resistance in our calling. What human opposition are you afraid of?
6. What's one way you can focus on God and overcome your opposition without disrespecting or dishonoring them?

Principle #4: Stay Tied to God's Word (Joshua 1:8-9)

7. Strength is found in God's presence. What passage in scripture can you rely on for the battle you're fighting?
8. Have you ever tried to do something your way, and later realized that you should've trusted God's Word and done it His way? Is that true of anything now?
9. What's one small action that you can make a habit in order to stay close to God on a daily basis?
