

Session 5: Rev. 2:18-29

1. Do you believe that the best days of your life could be ahead of you? Why or why not?
2. How is it possible to have your circumstances change, but still be living in “the best days of your life”?
3. “God cares about your personal holiness.” Do you believe that? Why or why not?
4. How does the idea of being seen as holy or set apart by God encourage you?
5. God knows that when we live set apart, it is for our own good. What do you think living a more set apart life looks like for you?
6. Thinking about the graphic illustration on the white board, have you ever thought of righteous living as getting you somewhere (making you more like Jesus)? Or have you always thought of it as just following rules?
7. Living more like Jesus will make our lives better. In what ways could your life be “better” without changing your bank account, health diagnosis, or circumstances you’re in?
