

## Theology WK 6 Discussion

### Summary Statement:

You can learn a lot about God from His name and titles. Today we learned again about God's self-existence and independence as well as His ultimate strength and total authority. God's use of His existence, strength, and authority informs the ways that we should use ours.

### Discussion Questions:

1-The name and titles Yahweh, Elohim, and Adoni, speak of God's self existence, power, and authority/ownership. We know that God wields those things for our good and for the joy of His creation (Romans 8:20-22). Do you use your existence, power, and authority the same way? Name some practical ways that your existence, power, and authority can benefit others.

2-What's at stake if Christians fail to use our existence, power, and authority the way that God does?

Leader: We are Christ's ambassadors (2 Corinthians 5:20), the physical representation of His kingdom on earth. If God's nature is not borne out in us, it will remain obscure to the world. We are a primary means by which God displays Himself to the world.

3-Part of the meaning of the title Adoni is "owner." Romans 11:33 says, "Oh, the depth of the riches and wisdom and knowledge of God! How unsearchable are his judgments and how inscrutable his ways!" Oh the depth of His riches...that is to say, "God owns everything." How should a serious believe in the all-encompassing ownership of God change our daily lives?
