Questions for reflection:

- *How is Nebuchadnezzar's dream instructive for believers today? What lessons can we learn?*
- *God declares that His kingdom will grow and endure forever. Why do you think that in God's providence, He often allows His church to appear weak, and/or in decline?*
- *What would make Christians more effective in speaking wisdom, grace, and truth to the surrounding world? What wisdom do we have that today's world needs to hear?*
