Discussion Questions

1. Recall a recent trip you took with your family. When you're together with your family day and night, it's not uncommon to run into conflicts with one another. What are some typical conflicts that your family faces on a trip together? How do you usually handle those conflicts?
2. Read Galatians 5:22-26. Like the churches of Galatia, many of our churches today are filled with people from different upbringings, cultures, generations, etc. What are some potentially divisive differences, and how we can guard against a divided church?
3. Consider the fruit of the Spirit in verses 22-23. How have you seen the Spirit work in your life in any of the qualities found on the list? (see #4 for a follow up question)
4. What area(s) would you like to see the Spirit further convict you?
