

David & Elisabet Barcelo

Spain

David and Elisabet were sent in 2004 as home-missionaries to Spain, their own country. The Barcelos are native Spaniards and they want to reach with the Gospel both the Spanish and Catalan speaking communities in the big Barcelona metropolitan area, an area of about 3 million people that is continually growing. The new church in Barcelona -Iglesia Evangélica de la Gracia- started in May 2005 as a home Bible study group in the neighborhood of Sant Andreu (Barcelona), an area of 50,000 people, a church holding the Doctrines of Grace and committed to personal evangelism. The Barcelos are also involved in practicing and promoting biblical counseling in Spain and Latin America by means of an ongoing

counseling ministry under their church and using different training seminars in local churches and seminaries. Their goal is to see other churches being strengthened and planted from Grace Evangelical in Barcelona and see the true Gospel of God's Grace preached all over Spain.
