Mission Statement

Kinder Konnection exists to provide quality childcare in a Christian setting that will provide children the opportunity to discover, grow and master new skills through play and directed learning.

What Parents are saying about Kinder Konnection...

- * My son is friendly, social, and clearly attached to his teachers. It is a happy environment for him.
- * She learned her colors, ABC's, numerous songs, loves to read, and has good social skills.
- * She loves school. She has learned so much from the dedicated staff and she loves learning about Jesus.
- * He loves coming to see his friends everyday and he is happy and healthy.
- * I don't have to worry. I know when I drop my son off each day he is well taken care of.

Parents,

At Kinder Konnection, we want children to have a fun and exciting time learning, discovering, and growing through their early childhood years.

Adventures occur weekly as children develop physical, mental, and social skills. Changes are occurring spiritually too as children learn the concepts of trust and love. Positive relationships are the foundation of children's social and emotional development. At Kinder Konnection we work at building a community of support for children to feel confident in trying new activities and in meeting new friends. Partnering with parents is critical to the success of our program and to a positive experience for the child. Because we believe that each child is unique and learns at their own pace and in their own way, multiple teaching styles are used in each classroom.

Through a center based approach to learning, children will have the opportunity to experience blocks, puzzles, nature, art, science, music, math and many other activities each day. Teachers work hard at making their classrooms welcoming to a diverse audience of children and ensure that each child feels safe and supported in their endeavors. By providing hands-on experiences with open-ended materials that incorporate STEM components, children become prepared for the world in which they live. They develop the valuable skills of communications, collaboration, critical thinking and creativity by engaging in exploration and learning how things work.

Kinder Konnection is a wonderful opportunity for children to come together and make new friends while learning lessons that will last a lifetime. Come join us on this great adventure!

Our Philosophy

Kinder Konnection was started to meet the needs of families in the Enid area looking for quality childcare within a Christian environment. Our goal is to help children to discover, grow, and master new skills through play and directed learning. Children will learn each month how to love and treat others, make healthy life choices and think critically as they discover who they are and their purpose in this world. Building on a child's natural curiosity and sense of wonder, we motivate children to take formulated risk, learn from failures and use knowledge gained to develop lifelong skills.

"TRAIN A **CHILD** UP IN THE WAY *he*
SHOULD GO; AND EVEN WHEN *he* IS OLD
he WILL **NOT** DEPART FROM IT."
— PROVERBS 22:6
