Today we heard the story Jesus taught about Bigger Barns found in the Bible in Luke 12:16-23. We learned that the farmer could have shared his food and helped a lot of people but instead, he built a bigger barn to hold all the good food he had. Jesus taught us this story because God wants us to share what we have. Your child made a barn to help them remember our story and to share. Please help your child pick someone to share their special snack with.
