

Thursday, July 9, 2020 – Subject to change based on direction from the State of Texas, Texas Health and Human Services, Texas Child Care Licensing, Texas Education Agency, and local health authorities.

Dear Children's Day Families,

As we continue to work on our plan for this fall, we wanted to let you know about some of the things that we will be implementing to build a safe and engaging environment for each student. Some things may look a little different, but we will be working hard to make the classroom as normal as possible for your children while keeping them safe.

Pickup and drop-off of children will take place outside of the school.

Teachers, staff, and students will complete self-screening and temperature checks each day before school.

Teachers, staff, and students will sanitize their hands as they enter the building, They will practice regular handwashing and healthy hand hygiene throughout the day.

Deep cleaning and sanitation of the school will occur daily.

Minimization of large groups and transitions in the day. Specials teachers will rotate to the classrooms instead of students moving to different classroom. Only one class will be on the playground at a time.

Procedures on sanitizing shared materials and providing individual materials where appropriate.

State training regarding COVID-19 prevention measures for all staff.
