MISSIONARY HIGHLIGHTS

August 2020

Lindsey Middle East

After having to leave the country where she serves because of Covid-19, Lindsey is glad to be able to return. She is currently in a mandatory 14-day home isolation. Please remember to pray for wisdom as she returns and tries to resume ministry and evangelism efforts.

Craig & Deb SE Asia

Craig and Kids Across Cultures (the non-profit organization that he leads), recently began partnering with an established missionary team in Cambodia to minister in remote villages where the pandemic has made life even more difficult. Schools that provide not only education but meals for children have been shut down. The mission team, however, has distributed 110 care packages of life necessities to 7 villages that have been hit the hardest. Pray that God would sustain both the China and Cambodian teams and give Craig wisdom to lead them.

Please continue to pray for all of our missionary partners around the world:
