

Grace Chapel Survey of Skills and Resources 2016

To encourage a “culture of sharing” within our church and community we ask you to please think about the special talents, skills, knowledge and resources which you can share with others. We all have something to contribute to the needs of others and we all have, or will have, unmet needs which others can fill.

Please put a check next to the services you could occasionally provide for someone within our church or close community. Results of this survey will be shared with our Pastoral Care Ministry Team, led by Bill and Betty Casey, and accessed when needs arise.

I would occasionally be available to:
