1. Is there something you've been waiting for? What unknowns are in your life right now?
2. In your situation, what keeps you from waiting well? (fear, impatience, attitude)
3. How has God met you in your waiting? Share a time you did wait well.
4. Traci spoke about changing how we pray for our circumstances from "make it better" to "make it count". How does that resonate with you? What are some practical ways we make it count?
