

## Family Bible Study Outline

*\*You do not have to do each part every time. Feel free to do what your family has time for at the moment. The times are not rules just examples of how family Bible study doesn't need to be overly complex or long.*

- Have a family member pray asking God to bless your time studying His word (1 minute)
- Read your Bible Passage or Devotional Book (3 minutes)
- Ask 2 or 3 review/discussion questions (3-5 minutes)
  - You can create questions if you are not using a study Bible or devotional book that includes questions. The goal here is to have your family discuss the scriptures together.
- Sing a song together (2 minutes)
- Share a testimony, missions update from an HHBC Missions Advocacy Team, Tell it to Two update, whole family popcorn shares ways God has bless you etc. (2 minutes)
- Take prayer requests ( 2 minutes)
- Have a family member close in prayer (1 minute)
