

## **IF YOU DON'T WANT A FACEBOOK ACCOUNT BUT WANT TO WATCH WORSHIP SERVICE LIVE**

Go to the church website, [www.hhfbc.com](http://www.hhfbc.com) and click Watch Live on the home page (<https://www.facebook.com/HuberHts1st/>).

***Once it comes up you can click the tiny Not Now when it asks you to create an account. You may have to scroll down a bit to get this option.***

Look for a block called Videos (you may pass other videos before you get to this block but unless they say Live on the video just ignore them). There will probably be a few videos in the Videos block but not the one you want.

At the very bottom of the block in very small letters it says, See All. Click on See All and then the live video should be on the top left and say Live. If you don't see it right away, just stay there until it comes up!

**Please** call the church if you still have trouble. We'd love to help!
