

Remember
the joy of childhood?

We do too and we want to "do school" in the most positive, enthralling way possible, drawing on a child's God-given insatiable curiosity. Whenever possible, we provide *"being there" and participatory experiences* for our students, such as field trips, historical re-enactments, plays, weekly chapel, and science labs. We love to *learn about God's amazing world* by being outside, in our nature trail, extensive school garden, outdoor classroom, and nationally certified Nature Explore Play Space. We are on an exciting educational roll and we'd like to keep going strong! Learning about God's world through the lens of a Biblical world-view provides a framework for thought and wise decision making for life.

Would you like to help make that happen? In order to provide the type of education that we do, we need support. With the help from supportive family members and friends we are able to provide

- the only remaining Christian school of seven in Northern Worcester County
- cutting-edge programs such as our own "Food for Life" program, recently featured at a national conference by the Center for Redemptive Education
- financial aid for over 40% of our families
- facilities updates such as our Science Lab & Art Room

We hate to waste precious time on continuous fundraising that depletes everyone. Would you be willing to give generously now to our biggest appeal of the year? If everyone supports this year's Annual Fund as generously as possible, we can expect to reach our goal of \$30,000. **We can absolutely accomplish this...together!**

Thank you for your part in helping
Holden Christian Academy continue to thrive!

In Him Who is Able,
The HCA School Committee

Holden Christian Academy
