

## ENROLLING IN THE TIME OF COVID

Thank you for your interest in admission to Holden Christian Academy. We recognize that the current COVID-19 pandemic has impacted families in many unexpected ways, especially with respect to schooling our children. As public schools have announced hybrid or remote learning plans for the Fall, many are pursuing alternative schooling options for their children. We are glad that you are investigating Holden Christian Academy to meet your family's needs. In order to better plan for our 2020-21 enrollment, we want you to understand that **families enrolling at HCA are committing to a full academic year**. Holden Christian Academy has always been dedicated to providing an excellent education for our extended community. The mission is the same in this season of COVID as it has been for 26 years. We remain resolute in:

Honoring God through  
Creative learning and strong  
Academics in a caring, fun-filled school.

It is important for children to have as much stability and predictability as possible, especially during the uncertainty of a pandemic. Watching children come and go from their classes would only add more stress to the children we serve. This is just one reason why it is so important that you partner with us for a full academic year. Wonderful things happen when children feel safe, wanted and loved at school, and we all look forward to a successful, satisfying year.

You may still choose to pay the total year's tuition due in full or in monthly installments according to our financial policies. We are praying for God's wisdom and leading for our students, families and greater community and we trust Him implicitly with the days ahead. If you agree to enter into this partnership with us this year, please sign the enclosed agreement.
