TALKING POINTS

Get together and talk about how this game helps us think about this week’s Bible story.

- That was a fun game to play to help us celebrate Easter! Jesus is our good King.
- What are some things you think about when you think of a king?
- What do you think about Jesus riding a donkey?
- In real life, Jesus had to ride a donkey into the city of Jerusalem because that is what was prophesied many years before Jesus was even born. This is one of the ways that Jesus showed he was the Messiah – the one everyone had been waiting for who would save them.
- What are some good things Jesus has done that we can celebrate this Easter?
- Do you have any questions about the Bible story or anything from this week?
- What is one thing you are thankful for today? Let’s talk to God and tell Him that and thank Him for sending Jesus on a donkey for us.
