Dear IPC family

As in previous years and despite the restrictions, IPC is continuing to support the **Aktion Weihnachtspäckli** campaign. The Christliche Ostmission along with 3 other Christian organisations collected over 90,000 boxes last year. These essentials went to adults and children in Eastern European countries where every day life is a struggle. COVID has made their lives even harder with much sickness and unemployment. This is such a great opportunity for the whole church to get involved in bringing some hope and happiness at Christmas to those who have so little all the time.

There are 2 types of boxes – for adults or for children. A good-sized shoe box is ideal for the children but the adult box requires something a bit larger and sturdier as it will be heavy - a boot box is good. We will be distributing boxes at church **from October 17** but if you have your own, that is also good. Most shoe shops are happy to give boxes on request.

**Most importantly ALL the items on the back of this sheet and ONLY these should be included.** This means that the boxes are not held up at customs and can be distributed faster and more easily to those who need them.

**Boxes will be collected at IPC on October 31 and November 7, 14 and 21.** It costs CHF10.- to cover administration and delivery so it would be very helpful if you would also include that amount. Even if you are unable to pack a box yourself, you might consider **“adopting a box”** by donating the costs.

Having seen how much hope and joy these gifts bring to people, we urge you to participate in this really worthwhile project. As a collective effort we have the possibility of touching many people's lives this Christmas.

Feel free to pass on the information to friends and family outside of the church so we can really make a difference to a lot more people this year.
