Kimberly's in MAY: Thursday, May 18 & May 25.
Let Kimberly know if you plan to attend.

G R A P P L E E V E N T

@ Bowlway Lanes – Elgin

SUNDAY MAY 21 1:00-2:30 PM

Lunch will be provided

Bring \$10 for the bowling event

« « « «

PASS IT ON...

» » » »

Pass on the Hebrew blessing from **Numbers 6** to your family
and friends. The blessing contains **"God's own words"** so
that He can put his name on the person being blessed.

**Cards
are in
the foyer.**

CONGRATULATIONS!

To Amanda Spurlock who will be graduating from
Westminster Christian School on May 19.

The LORD BLESS You...

MAY TEACHING SERIES

May 07 » A Hebrew Blessing
May 14 » Mother's Day
May 21 » The Lord Keeps Us
May 28 » The Pursuit of Peace

The LORD BLESS You... Your Spiritual DNA Lives On

→ Mother's Day ←

¹⁴ But you must remain faithful to the things you have been taught. You know they are true, for you know you can trust those who taught you. ¹⁵ You have been taught the holy Scriptures from childhood, and they have given you the wisdom to receive the salvation that comes by trusting in Christ Jesus. *2 Timothy 3:14-15 NLT*

Jurassic Park Really?

➤ In the fictional movie Jurassic Park dinosaurs were created from the DNA found in the blood that a mosquito had sucked from a dinosaur millions of years ago.

➤ The mosquito had been trapped in tree sap where it was perfectly preserved. It was there inside the DNA in that blood that they found the genetic code to recreate dinosaurs. Although this movie was fictional in that we do have the power to create life, it contained a lot of truth about DNA.

➤ Each strand of DNA, [(deoxyribo nucleic acid)], created by God was designed to bring about God's powerful purpose in its specific place in creation.

➤ DNA is a nucleic acid that carries the genetic information in the cell and is capable of self-replication and synthesis of RNA [ribo nucleic acid] the sequence of nucleotides within a strand of DNA determines our personal hereditary characteristics.

➤ The power of the Holy Spirit set in motion in that first DNA strand continues to be felt throughout God's creation.

We have come to learn over the last several years that we possess a personal DNA, much like a finger print - it can define the one and only you. Most of who we are is locked into our personal DNA when we are conceived and formed in the womb. Our gender, our temperament, color of hair, our eyes, all this is locked up in our DNA code. There is also a spiritual DNA. It has unique spiritual traits...we pass these on as well.

WHO YOU PASS IT ON TO MATTERS MOST

I am reminded of your sincere faith, which first lived in your grandmother Lois and in your mother Eunice and, I am persuaded, now lives in you also. *1 Timothy 1:5*

- Biblical stories teach us who we are; what God expects of us and what we can expect from life.
- Biblical principles give us a moral compass.
- Biblical values give us a strong foundation for life.

Powerful MENTORS

- The grandmother, Lois: a trans-generational perspective.
- The mother, Eunice: a generational perspective.
- Conferring on Timothy a culture, a heritage, and a legacy.
- Long before the Apostle Paul laid hands on Timothy, he was already blessed.

→ Heart

Can a mother forget the baby at her breast and have no compassion on the child she has borne? Though she may forget, I will not forget you! *Isaiah 49:15*

→ Home

Share with the Lord's people who are in need. Practice hospitality. *Romans 12:13*

→ Calendar

⁷ Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up. ⁸ Tie them as symbols on your hands and bind them on your foreheads. ⁹ Write them on the doorframes of your houses and on your gates. *Deuteronomy 6:7-9*
