BETSY HALL

Betsy Hall has partnered with her husband Dudley for 47 years in pastoral and extra-local ministry. She has been an effective teacher of biblical truth in churches, conferences, and retreats. At present she loves being an active grandmother to three grandsons. Her compassion, along with her gift of faith, makes her a sought-after counselor and advisor. She loves big, and she is loved by many.

TREASURE HUNT WEEKEND

WHO ARE YOU?

Women are not less or inferior, but we are different. Created in the image of God we represent and reflect aspects of his character that only we can. We like to know, and we want to be known. We like fellowship and desire deep, meaningful relationships. Join us as we study, reflect, and encourage one another in our pursuit of the beauty and blessing of life in Christ.

This year our focus will be on discipleship. What does discipleship look like specifically for women? Who is qualified and equipped to disciple? What tools and resources do we need to disciple or be discipled?

The weekend will be filled with fabulous teaching, wonderful fellowship, time for reflection and encouragement, and fun-filled activities all set on the gorgeous Tesoro Escondido Ranch outside Mineral Wells, TX.

MARY CLAIRE HALL

Mary Claire Hall serves Kerygma Ventures as the Director of Development. Married to her wonderful husband, David, Mary Claire now spends the vast majority of her time with their two fun and vivacious sons,

Samuel (7) and Benjamin (5). Though motherhood has kept her stateside more than she would like, Mary Claire still gets to "travel" the world while ministering to the refugee community of Fort Worth through children's camps, community outreach, and advocacy work.

KARIS MCCOLLUM

Karis McCollum is Betsy's daughter and a teacher and public speaker who has a heart for the coming generations. She works as an educational consultant, but she also participates in the "family business," connecting generations of fathers and daughters and helping women of all ages experience God in a new way.
