Great Things Happening:

- Since the fall of communism there has been an openness to the Gospel message! Albania has seen salvations and conversion experiences.
- The churches in Albania have started to mature in their understanding of Christ and the Gospel.
- Within a few years of opening up to the Gospel message, Albania has gone from virtually zero percent of Christians to hundreds of thousands of believers.

Prayer Focus:

- Since the fall of communism Albania has had a very hard time recovering economically from the downfall. Currently Albania stands as one of the poorest countries in Europe to this day, and the lack of recovery has kept people from living a decent healthy life. Pray that God would lead the government to make better decisions to help the livelihood of their country, and that the corruption would be stopped. Pray for creative areas to create jobs and businesses for Albania.
- Pray for the continued growth of the Christian Church. Currently it is growing rapidly, but Islam still controls most of the religious circles within Albania.
- Pray for more training programs for Christian leadership.
- Even though there has been growth in the Christian Church and Albania is open to the Gospel, believers are still being persecuted for following Christ Jesus.
- Pray for the success of church plants and established churches within Albania.
- Pray for the Unity within the different churches that are Gospel centered.
