Great Things Happening:

- A renewed political climate has opened India to more freedoms to religion, which has opened more doors for the Gospel.
- Christian Churches in India are now starting to have a positive contribution to the Indian Society. More schools are being built to educate children and adults in a Christian setting.
- Many new church plants are being birthed every year and reaching their distinctive communities.
- The persecution of Christians has brought growth to the church in India, as people have become more aware of Christ through the aggression of other faiths.

Prayer Focus:

- Pray that the Indian Government continues its stance on freedom of religion.
- Pray against the corruption of the Government so people may find more opportunities through better decisions made by the Indian Government.
- Currently India has many different diseases, which devastate impoverished families all over India. Pray God's hand will be on those families struggling through sickness.
- Pray for rural towns in India because they struggle with poverty, medical, and social accessibility.
- Pray for continual growth within Gospel centered churches in India.
- Currently the evangelical churches in India struggle to stay united, so pray for Unity within those churches.
- Pray for more biblically trained leaders within the Christian Churches.
- Pray for more bible translations for the minority groups with different dialects that do not have a bible within their language.
