As we journey through the book of Nehemiah, we will explore what the Word of God says about leadership, influence, perseverance, revival, and prayer, even in the the midst of apostasy and opposition. We are always in the season of building or rebuilding something in our broken world. Nehemiah was born into captivity, and yet God used his obedience as he put his faith into action in remarkable ways. Join us as we study the story of a single man who influenced an entire nation in the wake of destruction through the books of Ezra and Nehemiah.
