## McCarthy Baptist Church

**December 5, 2021**

## Welcome!

We're delighted that you're worshipping with us today. It's our prayer that you will be encouraged and that your faith in God will be strengthened. We hope you'll be back next Sunday!

If you are a first-time guest, please take a few moments to complete the guest card in the pew in front of you and place it in the offering plate.

## Happy December 2021 Birthdays!

---

Again, McCarthy has shown its benevolent nature. It looks as if we will have many gifts to deliver in person. Marilyn and Eddie have made the delivery to MBCH for the last two years and will be doing so again this year December 7. They enjoy representing McCarthy and showing the generosity of our people.

The gift collection box is in the foyer. If you donate gift cards or checks, please put them in marked envelopes available at the offering box by the water fountain and deposit them in the offering collection box. Thank you very much for participating in this ministry.

## \$ Donations made at McCarthy or Home

Envelopes for donations to MBCH are in the church foyer and in the pew racks. Donation envelopes can be deposited at church in the donation box outside the south sanctuary entrance. You can also mail it to MBCH or go to their website to donate with a credit card. See Eddie Griggs or Muriel Elder for a pencil (1 cent/year) or cup (\$1/year) as a thank you for your Birthday donation.

**McCarthy Baptist Church Monthly Quiz**

**DECEMBER 2021**

**MATCH: SCIENCE AND THE BIBLE**

1. \_\_\_ In 1500 B.C., it was believed the earth sat on a large animal or a giant. Science didn't discover the earth hangs upon nothing...as the Bible says...until 1650.
2. \_\_\_ Only in recent years has science discovered that everything we see is composed of things that we cannot see – invisible atoms; as noted in the Bible 2,000 years ago.
3. \_\_\_ In his book, *On the Heavens*, Aristotle suggested that the earth might be a sphere. It was another 2,000 years...at a time when science believed that the earth was flat...that the Scriptures inspired Christopher Columbus to sail around the world.
4. \_\_\_ Matthew Maury (1806-1873) is considered the father of oceanography. We are indebted to his study of Scripture that resulted in the discovery of the warm and cold continental currents. His book on oceanography remains a basic text on the subject and is still used in universities.
5. \_\_\_ God asked Job the strangest question in 1500 B.C. that appeared to be scientifically ludicrous. Yet, 3300 years later, our society is used to electromagnetic radiation. It was 1864 when James Clerk Maxwell suggested that electricity, x-rays, light & radio waves are forms of the same thing.
6. \_\_\_ The Bible described a "cycle" of air currents 2000 years ago before scientists discovered how they work: The air around the earth turns in huge circles: clockwise in one hemi-sphere and counter-clockwise in the other.

All Scripture is taken from the Kings James Version Bible.

- a. Psalm 8:8
- b. Hebrews 11:3
- c. Ecclesiastes 1:6
- f. Job 38:35
- d. Job 26:7
- e. Isaiah 40:22
