Our Philosophy

We, as parents, are exhorted by Scripture to take responsibility for the education of our children. The Minerva Area Christian School exists to assist parents in this task of training their children. Our desire is to work closely with the parents in their child's development. We are committed to doing this in a Christ-centered atmosphere, so that the child can experience the love of God, throughout the day, in addition to within the home. . .

Our responsibility for the students encompasses four areas: the spiritual, the intellectual, the physical, and the social...by addressing each of these four areas, we hope to afford every child who comes through our door the opportunity to "grow in wisdom and stature, and in favor with God and man."
