

Inclement Weather Plan

There is always a question of when to cancel church services and/or activities during times of inclement weather (specifically snow and ice events), since people come to MRBC from a very large area of the metro. At other times, weather issues blanket the entire metro and some municipalities can deal with clearing roads faster than others. Therefore, we've tried to develop a plan that works for most people.

On Sundays when inclement weather is an issue, we will **ONLY** have **ONE Worship Service at 10:30 am** (No Sunday School). If we determine to implement this plan on any given Sunday morning an announcement will be posted on the website by 6:00 am, indicating that the plan is in effect and there will only be one 10:30 am service that morning.

Also, as a general rule to help determine whether or not the normally scheduled weekly activities at the church are cancelled due to weather, an announcement will be posted on the website no later than **ONE** hour prior to the start of the activity.

If you have any questions regarding the inclement weather plan, please call the church office.
