

We are desperate for  
blessing!

“Blessing is more than a polite wish ... its articulation shaped the trajectories of lives and nations ... [Blessings] illustrate the effective movement of sovereign grace from heaven to earth. Without a faithful pronouncement of God’s blessing, we are surely doomed.”

–Chris Castaldo

No amount of  
manipulation or  
scheming on our part  
can secure the  
blessing of God.

“Sin doesn’t pay, even when it gives you what you wanted.”

–Iain Duguid

Even our manipulation  
and scheming cannot  
sabotage the blessing  
of God.

“The moral of the story is that God brings his scandalous, intervening grace into the lives of people who don’t seek it, don’t deserve it, continually resist it, and don’t even appreciate it after they’ve been saved by it—over and over again!”

—Tim Keller
