

MISSIONARIES OF THE MONTH:

Ben & Julie Jensen

Ben and Julie and their children are on MTW's Nagoya church-planting team in Japan. They work at Nisshin Christ Church, evangelizing and discipling youth, and laboring with Japanese co-workers to begin a daughter church in the Nagoya area.

Pray for Ben as he continues to preach at Nisshin Church on a rotating basis and lead weekly young adults' Bible study. He loves the opportunities to teach the Bible. Pray for his Japanese

to continue to get better as he is currently taking classes and that he will continue to develop in his ability to communicate in the language and in ministry settings.

Hospi (the university student ministry) is going very well! Many students are attending and inviting their friends. Many Japanese young people have never even considered the possibility of a God who loves them and that they were made for a purpose; huge, mind-opening concepts that they are being introduced to at Nisshin Church among the food, fun and fellowship every week.

Praises & Prayer Requests:

Pray for our oldest son Soren. He has struggled with extreme sadness, even depression over the past 20 months as we've been back in Japan after the pandemic. He misses his family, friends and school in America. His loneliness helped him forge a strong friendship with T-kun and T-kun and his mom, N-san started attending Nisshin Church with us and have declared their desire to become Christians! They are currently attending baptism classes. God is using Soren to evangelize, even though he is the one who most doesn't want to even be here. God has a way of choosing the reluctant, imperfect people—like Moses, Johan & Elijah to bring Him ultimate glory. In our weakness He is strong.

Pray for the safety of churches and Christian gatherings in our area. There was a stabbing and threats are being made toward places where Christians gather.

Lastly, pray for financial provision. We need to raise an additional \$950 monthly in 2024. God has been faithful to provide for us through His people. Thank you.
