

Elder Benno will be preaching his second message on The Gospel today.

SONGS: You can click on the song to sing along to the YouTube version. I, Benno, have chosen a mix of songs for today. One is very old and led by a male country voice. One is fairly new, 2008, "The Love of God," and we know it well. And two are very new put out by City Alight and geared certainly toward young people of our day. One of these very new ones we have sung; one we haven't. But on video is a good way to learn a song. All the songs have to do with the love of God in Christ Jesus, the gospel, and what we, as Christians, have in Him. I hope you can worship as you listen and sing along. Be encouraged. God "has blessed us in Christ with every spiritual blessing in heavenly places."
