

## Jessup University Campus Regulations

- To keep our campus safe and clean, we prohibit the use of open flame, alcohol, or smoking (including e-cigarettes and vapes).
- Any signs or decorations attached or hung to campus structures (windows, railings, etc.) must receive advance approval. Signs hung without approval may be removed.
- There are no bikes, skateboards, scooters, self-propelled, or motorized vehicles permitted on campus without prior authorization.
- Jessup is a residential campus. All guests must adhere to our quiet hours (10:00pm-8:00am).
- Jessup has a modern architecture with extremely limited access to grass or open playing fields. *Our turf collegiate soccer field is not available for rental or use without the written permission of Jessup Athletics.* Use of “The Green,” Jessup’s greenspace in the heart of campus, is very limited and subject to approval by the Landscape Specialist. However, the City of Rocklin has many parks within walking distance to our campus.
- Our parking lots do not require parking passes or prior authorization. We ask that event guests refrain from parking in the few “Visitor” parking spaces designed for University business. Please use unmarked spaces.
- The entire Jessup campus has free wireless internet.
- Pets are not permitted on campus. Trained service animals are allowed on campus and must be under the control of their owner at all times. The University can ask whether the animal is acting as a service animal trained to perform a specific task and, if it is not, will ask for the animal to be removed from campus.
- *Emotional support animals are not permitted on campus at any time.*
- Please be respectful of shared spaces. University business is conducted year round. The following designated areas are ‘shared’ unless otherwise agreed upon:
  - Student Union
  - Crawford Commons
  - Outdoor Courtyards
  - Paul Nystrom Library
  - “The Green”
  - The Point & Fire Pit
