

Instructions for hosting a Facebook Watch Party with a Group

1. From a desktop computer, open your browser to [Facebook.com](https://www.facebook.com) or Facebook app from your mobile device.
2. Type Salem United Methodist Church or The Connection United Methodist Church into the Facebook Search bar next to the letter f in the top left hand corner.
3. Click on our page, make sure to press the like button to receive notifications, then scroll down to the live content. (On Sunday this will be the first thing you see if you haven't received notification that we are live.)
4. Expand the video by clicking on the video, and once you're watching, click share, and this will give you the option to Start a Watch party.
5. A box will open up giving you the option to share it to your timeline, a group or a page. Choose the appropriate place you'd like to post, write a message about the video, and press Start.
6. The video will begin playing and you will be in the Watch Party window. On the right hand side you will see comments from the people watching with you, and you will be able to interact by commenting and replying.
7. You do have the ability to control the pace of the video with the video controls. If you'd like to pause, or start from the beginning, the people watching will also see what you're controlling.
8. When finished, press the 3 dots on the top right of the video and press End Watch Party.

For troubleshooting during watch party set up, please contact Kimberly Wallace via email at kimberly@salemstlouis.com or Cody Jordan at cody@salemstlouis.com.
