SAMARITAN HEALTH CENTER

PRIMARY MEDICAL & DENTAL CARE

Medical Clinic

Primary care at its fullest expression. We care for children to adults and offer a full range of services.

Dental Clinic

We offer all aspects of modern dentistry in a clean state-of-the-art dental clinic.

Eye Clinic

Proper vision is essential to employment, so we offer eye exams and eyeglasses for our patients.

Our Mission

Our mission is to provide comprehensive medical and dental care to the uninsured residents of Durham.

We seek to provide health care that is focused on the whole person, addressing not only the physical needs but also the spiritual, emotional and social factors that affect health.

Partner with Us

If you would like to volunteer with us, we welcome you. Please contact us for an application.

Invest in the Community

We maintain a lean operation and rely on the gifts of local individuals, businesses and churches. Contact us if you would like to make a tax-deductible gift. Thank you for your investment in the health of the community.

Volunteers Care

Rather than focusing on the bottom line, volunteers focus on the getting the patient the best care possible.

Local Partners

We partner with local medical and dental schools to expand treatment options and hours.

Who we are
We are a group of professional medical and dental volunteers who are committed to providing the highest level of care, regardless of a patient's ability to pay. We are motivated by our love for God and for others.

What we offer
Personal, professional and compassionate care.
A medical home for the uninsured.
A staff who knows each patient's medical history and unique story.

Faith Based
The Bible tells us to show love to the stranger and outcast among us.
*"Who was the neighbor to this man?... Go and do likewise."
~ Jesus , Luke 10*

Locally Supported
We are supported by the sacrificial gifts of local people, churches and businesses.
Contact us if you would like to volunteer or make a contribution.

SHC provides comprehensive, primary care for children and adults through an ongoing relationship with a personal physician and a group of professionals who are committed to providing compassionate and excellent care.

The staff provides education and preventative services to empower our patients to take control of their health problems.

Durham has a large number of immigrants and political refugees. Many of these quickly run out of their government insurance.

We have partnered with Kate B. Reynolds Charitable Trust to open a clinic in south Durham to offer services in an affordable, accessible location.

Mobile Clinic

We hold mobile clinic outreaches among the poorest areas for better access to care.

Modeling Care

Part of our vision is to train the next generation of doctors in caring for the whole person.
