

Statement of Faith

We Believe:

1. All humans are created in God's image, yet are separated from him by sin, and are without hope except in His sovereign mercy
2. This mercy is offered through faith alone in Jesus Christ.
3. The Gospel is the proclamation that Jesus came to earth as fully human and fully God, lived without sin, and died in our place as a ransom to reconcile us to God.
4. The Gospel is the deepest need of every human and we endeavor to share it freely as opportunity allows.
5. Gratitude for what has been accomplished by Christ and offered in the Gospel motivates us to show tangible mercy, overflowing from the grace we have experienced in our own lives.
6. Our work meeting physical needs of others, while valuable to God and in obedience to his word, is not their ultimate cure, but serves to point them to their ultimate cure in Christ.
