

## **Fellowship Bible Church – Kai Johnson**

### **February Update**

Hello Everyone!

Thank you all for your prayers over the past month concerning the youth here at FBC because I can confidently say that they were answered! As I mentioned in my last update, myself and a group of volunteers were bringing a group of students out to a retreat for a few days that I was hoping would be growing weekend for the students. And it surely was! The youth had a great time hanging out with each other and getting away for a bit. They really opened up in our small groups and asked some pretty interesting questions about what we were learning! We also had a student come who wasn't a Christian whose parents don't attend church anymore. Over the weekend she was exposed to the gospel and heard a lot of important truths for the first time! Join us and praying for her and that through her friendship at FBC she would continue to learn about God and that the Spirit would soften her heart.

We also had our annual Winter Carnival. It was my job to arrange the event which was very stretching for me because administration and organization is not something that comes to me naturally! However despite my weaknesses I think it went pretty well! Someone from the church built a snowball catapult. We had a snowball throwing game. We ate together. We communed together. Overall it was a very good time and I learned a lot about what goes into running an event like that.

We also had our annual business meeting which gave me a good opportunity to reflect on the past 6 months at FBC. Looking back I can say that me and my wife and son would not have made it this far if it wasn't for the Church family here and how welcoming and warm they have been. It's interesting because my first sermon here at FBC was basically about what it looks like to be a community participating in grace, and my three points could've easily turned from applicational points to observational, because I saw what a community of grace looked like before my eyes and I have had a privilege of being a part of a warm Church family for 6 months now who care about the gospel and are genuinely interested to grow together in the gospel.

Please keep praying for us and that me and my wife would continue to grow at FBC and learn how God can use us best here.

In Christ,  
Kai
