

## DAILY ENCOUNTERS

This year we are encouraging our church community to orient our lives around Scripture. We want to encourage you to read through “the storyline of the Bible”. This includes 11 books from the Old Testament, and we will also include the books of Luke and Acts from the New Testament. It takes approximately seven chapters per week to accomplish this task. Our “Daily Encounters” this year will give you each chapter to keep you on track to read the storyline in a year. We encourage you to write questions or encouraging thoughts each week that remind you of the good news of Jesus and who you are because of what God has done.

Day One: Read Exodus 8. Ask yourself these questions - Who is God According to this passage? What has he done for us? Based on who He is and what He has done in this passage, what is true about us? How should we respond?

Day Two: Read Exodus 9-10. Ask yourself these questions - Who is God According to this passage? What has he done for us? Based on who He is and what He has done in this passage, what is true about us? How should we respond?

Day Three: Read Exodus 11-12. Ask yourself these questions - Who is God According to this passage? What has he done for us? Based on who He is and what He has done in this passage, what is true about us? How should we respond?

Day Four: Read Exodus 13. Ask yourself these questions - Who is God According to this passage? What has he done for us? Based on who He is and what He has done in this passage, what is true about us? How should we respond?

Day Five: Read Exodus 14. Ask yourself these questions - Who is God According to this passage? What has he done for us? Based on who He is and what He has done in this passage, what is true about us? How should we respond?
